

THE MAY 50K

YOUR IMPACT TO LEAVE MS BEHIND

Your participation in The May 50K will accelerate research into prevention, better treatments and ultimately a cure for multiple sclerosis (MS).

Here's how your support changes lives.

\$30

Grows cells in a lab to undertake research into the cause and treatment of MS

\$68

Covers the hourly rate of a dedicated research assistant

\$110

Buys 100 Cryotubes to preserve precious blood or DNA samples from people with MS

\$750

Funds an MRI scan for research participants

\$1,524

Covers the cost of deep-freezing tissue samples in liquid nitrogen for a year

\$2,500

Will support the facilitation of a Collaborative Research Workshop for our best and brightest researchers

\$5,104

Covers the cost of sequencing an entire family to determine the genes that influence MS

\$10,454

Pays for one fluorescence microscope so researchers can examine specimens at a cellular level

\$25,000

Provides 'seed' funding that enables researchers to get an innovative new research project off the ground

**A HUGE THANK YOU for all your hard work and dedication in helping us stop MS in it's tracks!
Together we will leave MS where it belongs, behind us.**
